## professional Experience

**Full Time(IntelliDigest)- frontend Developer**

**(2024 - Present)**

- Developed **scalable and maintainable** front-end applications using **React, TypeScript, and Redux**, ensuring a **seamless user experience**.
- Led the implementation of **responsive design**, improving mobile performance and

accessibility.

- Integrated RESTful APIs for seamless front-end and back-end communication.
- Collaborated closely with **designers (Figma) and backend developers**, ensuring smooth API integration.
- Improved site load performance by **optimizing rendering and state management**.
- Ensured cross-browser compatibility and **tested components with Jest and React Testing Library**.

#### **Full Time (MeritTrac) - software developer**

**(2022 - 2023)**

- Developed **interactive and engaging UI components** with React.js, JavaScript, and TypeScript.
- **Implemented state management with Redux**, optimizing performance and reducing unnecessary re-renders.
- Integrated **RESTful APIs** for real-time data updates.
- Led the conversion of **Figma designs into pixel-perfect, responsive web pages**.
- Improved website performance, reducing load times by **15%** through **code-splitting and lazy loading**.
- Worked with a team of 5 developers in an Agile environment to meet sprint deadlines and deliver on project goals.

#### **Full Time (iB Hubs)**

**(2020 – 2021)**

- Managed customer data and CRM systems for the iB Cricket product, enhancing client support efficiency.
- Collaborated with various placement cells to organize and manage placement activities, while assisting students in technical training.
- Worked within a team to resolve customer queries and technical issues.

### **Certifications**

---

- **CMMI (Capability Maturity Model Integration) Associate for DEV and Services**
- Conducted 20+ appraisals as a freelance consultant.
